GHASSAN ARNOUK

Bachelor of Engineering, Electrical | Co-operative Education

ghassan98ar@gmail.com (905) 347-0056 Ottawa, Ontario Ghassan Arnouk ghassanarnouk

EXPERIENCE

Junior Programming Developer [Casual]

Public Service Commission of Canada

Jul 2022 – Nov 2022 Gatineau, Quebec

- **Resolved software bugs**, using **Java** and **SQL**, for both **PSRS** and **PIMS applications** to meet internal customer design specifications

Teaching Assistant

Carleton University

Jan 2022 – Apr 2022 Ottawa, Ontario

- Helped students **understand and master calculus** topics by **breaking down concepts** during weekly tutorials

Software Engineering Co-op

MDS Aero Support Corporation

May 2021 – Dec 2021 Ottawa, Ontario

- **Designed and built** phase I of the **automated testing framework**, using **bash** & **python**, reducing manual testing effort by finding defects in the product early in the development cycle
- Worked in an **agile environment** using **JIRA** and **Confluence**
- **Mentored new** team **members** by offering daily training sessions

Product Verification Engineering Co-op

MDS Aero Support Corporation

Sep 2020 – Apr 2021 Ottawa, Ontario

- Performed **manual testing** of the company's Data Acquisition System (DAS) **to ensure software** & hardware **meet** internal & customer **design specifications**
- **Raised** and **verified** software bugs in **Bugzilla** before each release
- **Designed** and **executed** Acceptance Test Procedures (ATPs) per nxDAS release in **TestLink**

Research Assistant

Carleton University

Jul 2020 – Dec 2020 Ottawa, Ontario

- Evaluated the strengths and weaknesses of various rectifier circuits by **running simulations** in **LTSpice**
- Built a **PCB prototype** of the finalized circuit design in **KiCad**
- **Delivered a report** detailing the completed work and all generated simulation and CAD files in LaTeX

SKILLS

- **PROGRAMMING LANGUAGES**
  Proficient: Bash | Python | C/C++ | LaTeX
  Prior Experience: Verilog | Java | SQL | Assembly
- **SOFTWARE DEVELOPMENT**
  Linux | Regex | Git | GitLab | GitHub | SVN
  Vim | VS Code | Emacs | IntelliJ
- **HARDWARE**
  FPGA | Raspberry Pi | Microcontroller | Arduino
  Keil | LTSpice | KiCad | Altium 18 | Soldering

PROJECTS

Autonomous Vehicles

Team Member, Capstone Project

Sep 2022 – Present

- Performed self-directed learning of **ARM-based embedded system** concepts such as **assembly**, **interrupts**, & **dac**, **adc**, & **i2c**, **spi**, **uart**

Smart Solar Panel System

Team Leader, Third-Year Project

Jan 2022 – Apr 2022

- **Led the team** in designing and building an improved solar panel system
- **Managed** the project and **assigned tasks** to ensure the successful completion of the project within budget and on schedule
- Filmed, edited, and **produced a video** of the finalized project

ACTIVITES

IEEE Carleton

LaTeX Workshops Presenter

Sep 2022 – Present

- **Running** 4-series LaTeX **workshops** for students **demonstrating** various **development** and automation **environments** using **vim**, **vs code**, and **emacs**.

Treasurer Officer

Sep 2020 – Apr 2022

- **Performed budget planning** for events and workshops in addition to organizing **SPAC 2022** finances

Carleton Planetary Robotics Team

Team Member

Sep 2018 – Apr 2020

- **Designed, built,** and **improved** a power distribution board (**PDB**) in **Altium Designer 18** for a mars rover

HOBBIES & LANGUAGES

- **Basketball** (GSW fan), Cycling, Spikeball, and Yoga
- Fluent in both **Arabic** and **English**
